

ALTEA TOWN COUNCIL

PUBLIC NOTICE

The Town Hall informs that:

The National Office of Statistics has informed Altea Town Hall the need to check the Census details of more than 1700 foreign residents because we have no evidence of any change in their registration in recent years.

Those residents must confirm their willing of going on being registered in Altea otherwise they will be removed from the Register of Inhabitants, as that will prove that they are not really living in our city, and they will lose their rights to receive any of the benefits afforded such as reduction in the rubbish receipt, or any other social benefit when it is needed to be registered.

They should come personally to any Citizen Assistance Office, in Pl. José M^a Planelles, 1 of Altea or C/ Cura Llinares, 4 of Altea la Vella with the original valid documentation (passport, national identity card or resident card as applicable).

Altea, December 9th, 2013
The Mayor
