what is the european citizens' initiative?

The European Citizens' Initiative is one way in which you can shape the EU by asking the European Commission to propose new legislation. When an initiative reaches one million signatures, the Commission decides what action to take.

who can organise a european citizens' initiative?

A minimum of 7 EU citizens living in 7 different EU countries and old enough to vote in the European elections is required to launch an initiative.

who can sign up to a european citizens' initiative?

All EU citizens old enough to vote in European elections.
